Short Description of the school	<p>The EPLEFPA of the Loir-et-Cher is a state organisation attached to the Ministry of Agriculture. Its fields of study and skills are recognized in environmental studies, biotechnologies, laboratory studies, breeding, horticulture, landscape gardening... In accordance with the priorities of the Ministry of Agriculture and the Conseil Régional de la Région Centre, the development of international relations is a major line of our organisation's policy. The EPLEFPA has developed a strong European culture since 2007 taking part in the Erasmus, Leonardo, Comenius and PEJA programmes. The EPLEFPA wishes to enhance its internationalisation by developing European mobilities to complete the professional curricula provided in our schools.</p>

## A few words about Vendôme

At the foot of the hillside, the Loir divides and its narrow branches glide unhurriedly under the stone bridges; then after the outskirts of the town, they rejoin one another and the widened river flows, with long meanders, across opulent meadows. The town is full of large gardens with rustling greenery, from which emerge uneven rooftops, gables, turrets of old dwellings, church bell towers and the superb tower of Trinity Abbey. In the distance, the horizon disappears in fine undulations. This is not yet either the grace of the Touraine, or the elegance of Anjou, but a welcoming, intimate landscape, adorned with vineyards, woods and a charming river...”(written in French ,translation)

## Vendôme, a town of art and history

Standing on the arms of the Loir, bedecked with flowers, offering a welcome with its monuments and fine houses.... The town of Vendôme (“Vindocinum”, meaning the white mountain) dates from the Gallic period and was later fortified by the Romans. Today 30 000 people live in and around this enterprising town. Vendôme is bordered by gentle hillsides and crisscrossed by the River Loir. A breath-taking view of this town cum garden can be admired from the chateau. In the midst of the greenery arises the magnificent Holy Trinity Abbey. The façade, an outstanding example of the Flamboyant Gothic art was built by Jean de Beauce, architect of the Spire surmounting the Cathedral in Chartres. In the place St Martin timber framed houses flank the pavement cafés under the watchful eye of the statue of Rochambeau, hero of the American war of Independence.

## The castles of the Loire

Discover the « **Val de Loire** » and its chateaux, stroll through charming villages... the walk will give you the opportunity to have a taste of ancient times. Well before the « Val de Loire » was registered at the **UNESCO heritage**, kings, painters and poets had discovered the pleasures of the land. Blois, Chambord, Cheverny... Going through the « **Cœur Val de Loire** » is like looking at a full-size history book. From the borders of the «Perche » to the deepest forests in Sologne, the invitations are numerous. Royal chateaux, churches with frescos, medieval towns, there is something for everyone. Neighbours to their Loire “cousins”, the Loir châteaux are certainly worth getting to know better.

**Coming to Vendôme**
